

## **KAHALA KIDS SPA PROGRAM OFFERS THE ROYAL TREATMENT TOPPED OFF WITH FUN AND IMAGINATION**

**HONOLULU, HI - (February 14, 2007)** - Kids always want to do what the grown ups do. At the Kahala Hotel Resort, this task is easily taken care of. The Kahala Spa Kids program is designed for youngsters to enrich their bodies and minds while still maintaining childhood innocence with fun activities and imagination.

At the Kahala Spa, kids are treated like princesses and princes with treatments to make every kid feel special.

- For the girls, a day of pampering - a manicure, pedicure, facial and reflexology combined with Hawaiian elements throughout the treatments to reinforce sense of place.

- For the boys, several sports will invigorate the young warrior, followed by massages and treatments to soothe tired little muscles and to renew the spirit.

- Sophisticated teas and pupus are also on hand to sustain energy and to top off the day of pampering

Other activities kids can schedule in between spa appointments include:

- The Dolphin Quest Kids Aquatic Adventure: A hands-on experience for kids featuring close encounters with colorful Hawaiian reef fish, green sea turtles and delightful dolphins through multi-sensory activities, games and role-playing.

- The Kahala Keiki Club, open daily with activities such as:

Reef walking  
Snorkeling  
Legend storytelling  
Bamboo pole fishing  
Lei making  
Hula Dancing  
Crabbing  
Observing Hawaiian marine life  
Hawaiian Art
