

**EXPERIENCE THE CARIBBEAN PACE OF LIFE AT THE RITZ-CARLTON  
SPA,  
ST. THOMAS**

*Newly renovated Retreat Offers Indigenous Treatments and Organic Ingredients*

ST. THOMAS – Plan a visit to the luxurious Ritz-Carlton, St. Thomas Spa and experience the serenity that island life provides. Following an extensive renovation, this tranquil seaside enclave features eleven calming, Mediterranean-style treatment rooms, a beach-side cabana, salon and retail boutique. With our new Caribbean-inspired treatments and Eminence organic skin care and body products, guests will leave all thoughts of their busy lives behind.

To provide the full destination spa experience sought by our discerning guests, The Ritz-Carlton Spa, St Thomas was expanded and enhanced during summer 2006 as part of the hotel's \$40 million renovation. Additional treatments rooms and a "wet room" for shower treatments were just a few of the many new touches to accommodate those seeking to relax, unwind and be pampered.

Newly added treatments on the spa menu at The Ritz-Carlton Spa, St. Thomas incorporate the healing properties of island plants and fruits. Hibiscus, known for its high concentration of Vitamin-C and antioxidants; Papaya which has natural skin exfoliating ingredients; and Ylang Ylang, a natural botanical used in aromatherapy that helps soften the skin, are just some of the ingredients used to heal and rejuvenate.

*Massage Therapies*

Experience the latest innovation to the health spa industry – the Royal Bamboo Massage. Symbolizing strength and flexibility, the bamboo tools used with this treatment fit perfectly into the contours of the body, providing a deep and revitalizing relaxation massage experience. Detoxify and sculpt the body with a massage experience using sculptured wooden stones, carved from the Wacapou wood, which allows for a more intense movement to redefine the body's contours.

Looking for a romantic treatment for two? Take in the gentle sound of the ocean waves in our seaside cabana while two therapists work in unison to create a state of total relaxation with a synchronized massage. Special accommodations can be made for a moonlight massage and dinner, the perfect touch to a Ritz-Carlton vacation.

## **PACE OF LIFE/2**

### *Signature Facials*

Relaxation doesn't end with our variety of massage treatments- restore and replenish the skin with a seaweed calming facial, an optimum hydration facial or our Boldijarre Signature Hungarian Facial. The Boldijarre Facial, a specialty of The Ritz-Carlton Spa, St. Thomas, is a customized treatment based on ancient herbalist ingredients that combines the beauty secrets of Hungarian spa rituals with the signature touch of the Master of Hungarian Skin Care, Boldijarre.

### *Additional Treatments*

Once the long sun-filled Caribbean day is over, the Latitude 18 Aloe Relief treatment can be just the right touch to hydrate and repair the skin. Other hydrating choices include the Auqaroma Rain Therapy treatment using a Vichy rain shower for a refreshing experience.

Salon services include a Caribe manicure and pedicure as well as additional waxing, hair care and make-up services. For our younger guests, the spa now offers a Ritz-Kids and Teens Spa Adventures menu of treatments. Offered to children and young adults, these services are designed to teach the importance of self-care and well-being. Additionally, the spa boutique and retail center carry all treatment products as well as a variety of other local specialties.

### **Coming Soon - The Prada Spa Experience**

The Ritz-Carlton Spa, St. Thomas will soon be the first spa in the Caribbean to introduce the Prada Spa Experience. Through an exclusive partnership with Prada Beauty, a leader in scientifically advanced skin care, this newly renovated seaside spa will unveil two Prada-themed treatment rooms offering guests the unparalleled Prada Spa Experience, beginning in 2007.

Surrounded by the soothing and sophisticated Prada Beauty shades of pink, smoky grey and soft white, guests in the Prada Spa treatment rooms can choose from three Prada Beauty facial treatments- The Prada Exfoliant Visage, The Prada Radiance Visage, and the Prada Reviving Visage- and one body treatment- The Prada Replenishing Body facial. The Prada Beauty skin care products used in the treatments are made with the most pure, powerful ingredients available, which combined with the program's uniquely "high-touch" professional spa techniques, can provide immediate and long-lasting benefits to the skin.

### **ABOUT THE RITZ-CARLTON, ST. THOMAS**

Overlooking the turquoise waters of Great Bay, The Ritz-Carlton, St. Thomas is a secluded hideaway on a 30-acre beachfront estate with breathtaking views of the Caribbean Sea and neighboring islands. As part of the recent \$40 million renovation, the resort offers a variety of luxurious amenities including lavishly designed presidential suites and guest rooms; four distinctive ocean-front dining choices; the first Prada Spa experience in the Caribbean; a 53' luxury catamaran, the Lady Lynsey; and for those

visiting by sea, the resort offers moorings, allowing guests to access this ultimate lifestyle destination by sea or air. The acclaimed resort continues to garner distinguished accolades from top publications such as Conde Nast Traveler and Travel + Leisure.
