

The Spa at Curtain Bluff in Antigua is **NOW OPEN!**

Antigua, West Indies (June 12, 2007) – The Caribbean's best luxury all-inclusive resort just got even better. The brand new 5,000 square foot Spa at Curtain Bluff will not only enhance the guest experience, it will make Curtain Bluff the best luxury all-inclusive in the Caribbean, as well as the best *full-service* resort in the Caribbean. "Although we always offered in-room spa treatments at Curtain Bluff, we needed to stay competitive and meet the increasing demand for a spa 'experience' that a dedicated facility can provide," says Rob Sherman, managing director of Curtain Bluff. "The new Spa brings Curtain Bluff to a different level in terms of being a true full-service resort."

The new Spa sits on the bluff overlooking the ocean and the neighboring island of Montserrat in the distance. The Spa at Curtain Bluff includes five treatment rooms: four single and one especially for couples. It also features open-air walkways, waterfalls, a relaxation room with a water view and a ten-person hot tub overlooking the ocean. Curtain Bluff's signature treatment is a **Caviar and Champagne Massage**, which provides the ultimate relaxation experience and also reflects the sophistication and luxury of the resort. Other unique treatments include the **Water Lily Wrap**, which soothes the skin after sun exposure, and the **Caribbean Green Coffee Wrap**, which reduces the appearance of cellulite.

Curtain Bluff is located on 20 lushly landscaped acres on the south coast of Antigua and is surrounded by two beautiful sandy beaches. Under the same ownership and management for over 40 years, Curtain Bluff offers a total of 72 beachfront accommodations including 18 Deluxe Rooms, 40 Junior Suites and two one-bedroom Grace/Morris Bay Suites, with connecting rooms to accommodate families or large groups.
