

## MII AMO NAMES NEW SPA DIRECTOR

**SEDONA, AZ (June 13, 2007)** - Annika Jackson, General Manager of Mii amo, a destination spa at Enchantment, has announced the appointment of Kirsten Wilkens Combs to Spa Director. Combs joins Mii amo from Starwood's Ballantyne Resort and Spa in Charlotte, N.C. and has already assumed her new responsibilities at Mii amo.

"Kirsten's driving desire to seek new challenges in the spa industry and the years of solid experience she has in the spa, retail and resort industry, made her a logical choice to join the Mii amo management team," said Jackson.

Combs will work closely with Jackson and focus on the day-to-day operations of Mii amo, a destination spa with 16 guest rooms, which also provides spa services to guests of the adjacent Enchantment Resort. Mii amo has been rated the #1 destination spa in America by readers of *Travel + Leisure*.

**Mii amo, a destination spa at Enchantment**, is a 24,000-square-foot spa designed by Gluckman Mayner Architects that harmonizes with the Native American aesthetic and the surrounding red rock canyon, both integral to the Mii amo experience. Mii amo, a Yuman word for "passage" or "journey," promotes healing through mind, body and spiritual therapies. Treatments range from ayurveda to Watsu. There are 19 treatment rooms, many with views of the canyon, five private outdoor treatment areas, indoor and outdoor pools, an 80-seat restaurant, library, retail store, 14 guest rooms and two suites.
