About Revive Spa

Complete with 41 elegantly appointed treatment rooms, the spa features a two-story rotunda with a central water feature that flows directly underneath the open skylight two floors above, capturing the grand volume of the space. This earth-to-sky connection celebrates the resort's unique setting and embraces the outdoors. Wrought iron banisters, fiery copper and tactile stone blend together to highlight the elements of fire, water, earth and sky in this lush desert sanctuary.

Revive Spa offers a diverse menu of spa experiences that incorporate beautiful, tranquil settings and indigenous flora and fauna into signature treatments where ancient rituals join force with cutting-edge techniques.

Spa-goers will also appreciate such unique features as private balconies, indoor relaxation rooms with fireplace, outdoor patios and a private rooftop cactus garden with its flowing water feature. Outdoor celestial showers make it possible to soak in the Arizona sun before or after the pampering begins.
