

New Spa Treatments at Hyatt Regency Chesapeake Bay

Hyatt Regency Chesapeake Bay Resort's Stillwater Spa, located on Maryland's majestic Choptank River, is offering two new spa treatments this holiday season.

Designed to invigorate dry winter skin and combat the effects of stress, these refreshing treatments use favorite holiday scents such as ginger, cinnamon and cloves. Recipients who choose the **Ginger Snap Body Wrap** will delight in a warm, wet sugar and honey scrub that exfoliates dull, dry winter skin, ensuring the maximum benefits of the wrap and ginger spice moisturizer that follows. A sweet treat for the skin, the **Hot Spice Tea Scrub** is made with sugar and spices, and naturally exfoliates, detoxifies and hydrates, leaving behind healthy, glowing skin.

Available November 2007 though January 2008, both treatments last for one-hour and are priced at \$130. To book a spa appointment or to purchase a holiday gift certificate, please contact the spa at 410.901.1234. The Stillwater Spa at Hyatt Regency Chesapeake Bay Resort is located at 100 Heron Blvd., Cambridge, Md, 21613.
