FOR MORE THAN 80 YEARS, THE OJAI VALLEY INN & SPA has been considered one of the best-kept secrets among travelers. Spa Ojai is nestled on a 220-acre historical property in a village-like setting where guests may relax amid calming natural scents from indigenous botanicals.

Inside the spa facility, separate men's and women's wet areas include saunas, steam rooms, and whirlpools. The relaxing coed lounge and elegantly appointed 22 indoor treatment rooms invite guests to unwind. For a romantic setting, Spa Ojai offers a couple's massage room, and guests can also take advantage of one of the spa's five massage rooms with fireplaces. Patrons also have the option to enjoy treatments outdoors in one of the poolside cabanas or in the therapy pool via the "O" water massage. Other unique treatments include pedicures performed as guests recline in anti-gravity chairs, and exclusive to Spa Ojai, Kuyam, a sauna-based mud treatment with a meditation component.

Whether indulging in healthy cuisine at Café Verde, shopping at the spa boutique, working out, or exploring creativity in the artist's cottage, there is always a way to escape the ordinary at Spa Ojai.
